

**Your donation is
greatly appreciated.**

Ever feel hopeless? Like when you lose a job and there doesn't seem to be anything else on the horizon? Or when you or a loved one are battling a serious health issue and you just don't know what the future holds? Or when your finances get out of control and meeting your bills seems impossible or even foreclosure looms?

Everyone has felt hopeless and helpless at one time or another. In fact, many of the 400 dogs, cats, puppies and kittens under our care at Harbor Humane Society feel that way every day. They don't know if someone is coming to adopt them, if someone will be able to give them the medicine or life-saving surgery they need. Even if they will have enough food to eat that day.

But our animals also have hope. And so do we. **Hope** that your donation today will be enough to spay another cat so she won't get pregnant and add to the already outrageous pet overpopulation problem, where more unwanted kittens just get euthanized because there simply aren't enough homes for them. **Hope** that your gift will pay to surgically mend an adorable puppy whose owner beat him to within inches of his life. Or a more generous donation that will help us make some much needed improvements to our shelter so we can provide better care and enrichment for our animals.

Sometimes the best way to help yourself heal and feel better about your own unfortunate situation is to reach out and help someone who is worse off than you. Although your situation may seem hopeless today, chances are it will somehow work out. That job will come along, that ailing person will get better and you'll find a way to get a little more time on those bills. But for many of our animals, their situation truly is hopeless **without you**. **They need you** to help them with a generous gift of kindness – that will warm your heart as well – and make their hopeless situation a whole lot brighter.

Please Donate to Harbor Humane Society Today.
