FOSTERS

155 cat foster families

778 cats went into foster

DOG STATS

626 dogs/puppies in foster

196 active foster families

FROM OUR EXECUTIVE DIRECTOR

2023 was a roller coaster ride of a year! Hoarding cases, rescues gone bad, slow adoptions, another crazy kitten season- we experienced a lot last year! We also had a lot of wins- we did many spay and neuter clinics to help local animals, grew our intake diversion program to keep pets and their people together, we saw long term animals find their forever homes and despite setbacks, we charged forward and focused on the good. I am thankful for our amazing staff who shows up with the passion and dedication for all of our animals each and every day, for the fantastic volunteers and fosters who give their time to make a difference in the lives of homeless animals, for the community who continues to support us and are our biggest fans, and for all our adopters- who realize that adopting a shelter animal is proof that unconditional love exists and that all animals are truly the most amazing way to change your life!

JENSEI AUGUR
Executive Director

SUCCESS STORIES

Nuka

After 564 days in our care, Nuka finally found her furever home! After fostering Nuka for a year, her foster mom decided that Nuka was home all along!

Zeus

Zeus sat at the shelter for months with zero inquiries and then one day, someone came in and wanted to meet him. He did fantastic with their kids and he's doing great in the home with them!

Helena

Helena sat for awhile with no inquiries and then one day, her person came in for her! He even built a whole set up in his car for her to be comfy while driving home.

2023 HIGHLIGHTS

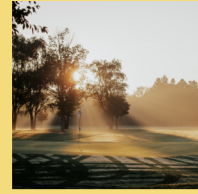

ALES FOR TAILS

This year's Ales for Tails raised a record high of \$110k!

PUTTS FOR PAWS

We had the BEST Putts for Paws to date! Not only did we have the most beautiful day, but we raised more than ever before - \$27,000!

ZEELAND TURKEY TROT

This year we were the nonprofit partner for the Zeeland Turkey Trot 8k, which raised \$12,500!

HOLLAND HAVEN MARATHON

We were invited to be partners for the 10th Annual Holland Haven Marathon - raising \$2,000 in our first year! Support us in 2024!

The Humans Behind it All...

MEET OUR NEW VET!

My name is Dr. Hayley Barkoviak and I am the Director of Veterinary Medicine! I am a Kansas City native and a Kansas State University graduate (go wildcats!). My professional passions include community cat care, managing shelter related stress, and surgery. In my free time, I enjoy hikes with my dog, reading, thrifting, and exploring all West Michigan has to offer!

COBERS CANINES

In January, we were involved in an animal cruelty case that resulted in 20 dogs coming into our care. Unfortunately, 6 puppies did not make it due to being extremely ill with distemper. After nearly 90 days in our care of being nursed back to health, the dogs were made available for adoption.

THANK YOU...

To our adopters, fosters, volunteers and our community for all your support and for another incredible year of second chances at life, love and happiness!
